PROGRAMME BROCHURE
WHAT IS HEALTH, SAFETY & ENVIRONMENT

When we talk about ‘health and safety at work’, we mean the things that have to be done to keep people healthy and safe when they are at work.

Every organization needs to educate its entire workforce on health and safety related issues. It is a mandatory requirement for companies in specific sectors to enroll their employees for safety training. As an individual with HSE education and certification you are well positioned to work in the following sectors; Oil and Gas, Power and Energy, Aviation, Construction, Consulting Firms, International Organizations, and NGO’s

HSE Employment Opportunities

Health and safety is a mandatory requirement for all organizations, there is a high demand for safety officers from employers in order to meet up with regulatory requirements.

Sectors requiring skilled Safety Officers;

✓ Oil and Gas - Mandatory
✓ Telecommunications
✓ Power and Energy - Mandatory
✓ Construction - Mandatory
✓ Information Technology
✓ Aviation - Mandatory
✓ NGO’s - Mandatory
✓ Consulting firms
✓ Manufacturing - Mandatory
✓ International Organizations (WHO, USAID, UNDP, World Bank etc.)

Fun Facts about HSE

✓ Do you know all organizations are required to have a safety officer?
✓ Do you know with HSE certifications you can work in any sector/industry?
✓ Do you know Piston & Fusion can get you to become a safety officer through our hands on CIEH courses?
STEPS TO BECOME A QUALIFIED SAFETY OFFICER

1. Get HSE training
2. Obtain Certification
3. Start a career as a Safety Officer
4. Grow in your career with advanced certifications
CIEH Level 1 award in Health and Safety in the workplace

Designed to make candidates aware of the key health and safety issues and the part that they should play in keeping themselves and others free from harm in the workplace.

For Whom

Everyone entering the workplace for the first time, either as part of a work experience programme, or at the start of employment – and those starting a new job, as part of their induction programme.
